

PROCEDURE TO CANCEL PENDING ORDERS DURING SYSTEM FAILURE

In case of IBTS System Failure due to any reason from the Investor's part, Broker's part, or any third-party software vendor, the Investor may contact the KATS operator of the Broker to obtain updates regarding pending or lined-up orders.

The Investor may provide instructions to the KATS operator to:

- Cancel pending orders
- Place further orders
- Amend existing orders

Such instructions shall be executed by the Broker's authorized operator on behalf of the Investor, subject to applicable operational procedures.
